OUR PROGRAM

iLEAP Club was established in Ottawa, Canada in 2014 and has since expanded across Ontario, Quebec, and Alberta.

We are a one-of-a-kind public speaking, leadership, and soft skills program in Canada for children and youth.

We continue to invest significantly in research and development to create comprehensive and unique programs engineered by a team of PhD holders, educators and professionals.

With a growing demand for soft skills training globally we are proud to announce our expansion around the world.

WHAT WE DO

Learn. Excel. Achieve. Progress.

At iLEAP Club, we believe that the best investment is the investment in your child's future.

We prepare your child to realize their untapped potential.

iLEAP Club cultivates shy and reserved students whilst challenging and sharpening the tools of more confident speakers with essential life skills.

We equip them with a broad range of soft skills to tackle future challenges and capitalize on opportunities that arise.

MISSION

At iLEAP Club, our mission is to provide quality and relevant programs in an enjoyable learning environment to prepare children for the opportunities and challenges that await. We equip them with a broad range of soft skills necessary to succeed in life.

VISION

At iLEAP Club, we empower every child with essential life skills to help them realize their full potential.

CORE VALUES

We strongly believe that every child is talented.

We strive to bring the best out of every child's potential.

We pride ourselves on empowering children to strive for the top.

We make a positive difference in every child and the communities that we serve.

We prepare children and youth to become tomorrow's leaders, today.

Research Based Strategy

At iLEAP Club, we teach children essential soft skills; we pride ourselves on empowering the children boosting their confidence to realize their full potential. Register to the iLEAP Club Children Program and reap the benefits for your child.

Future-Proofing Children for Success with 21st Century Skills.

Soft skills and leadership training are the new building blocks for learning that modern children need to survive and flourish in an increasingly competitive global landscape.

They need to learn to process and synthesize information in context so that they can effectively communicate and collaborate with others and become strong contributors to compete in a rapidly changing social and economic environment.

Soft skills such as creativity, collaboration, and communication skills are super important and are going to be the difference between make or break - Mark Cuban.

21st CENTURY SKILLS

SOFT SKILLS

Soft skills are a combination of people skills such as social skills, communication skills, interpersonal skills and emotional intelligence that enable us to interact with each other and our environment.

21st-century soft skills encapsulate skills such as leadership, communication, collaboration, and technology literacy.

These are the capabilities children need to navigate in life and thrive in school, post-secondary education and beyond.

21st Century skills such as leadership, communication, critical thinking, collaboration, creativity, productivity and technology literacy are intended to help young people keep up with the lightning pace of today's workplace.
